## The Insight Way

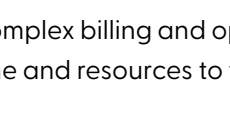

As an **AWS Premier Tier Services Partner and Advanced Consulting Partner**, Insight brings unparalleled expertise to your most critical priorities. We believe in transforming challenges into opportunities, and at the heart of this transformation is **InsightCloud® Care for AWS**.

This isn't just a service; it's a market-leading solution designed to revolutionise your AWS cloud acquisition, consumption, and spend.

We equip your teams with a powerful suite of tools and expert services, ensuring your AWS cloud resources are not just operational, but optimally cost-efficient from day one.

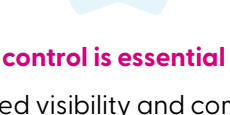

## Why InsightCloud Care for AWS?

### Managing AWS shouldn't be a burden.

We free you from complex billing and operational overhead, giving you back time and resources to focus on innovation.

### True cloud control is essential for growth.

Gain unparalleled visibility and command over your cloud spend with our single-pane-of-glass platform

### Receive expert guidance, not just support.

Access Insight's highly skilled cloud care billing team, delivering deep expertise and proactive solutions to optimise your AWS financial landscape.

### Maximising your AWS investment is non-negotiable.

For cloud costs over \$8k/month, our complimentary, ongoing AWS cloud success advisory service ensures you're always leveraging the most efficient reserved instances, savings plans, and security best practices. We turn spend into savings and risk into resilience.

### A trusted partner empowers your cloud journey.

Insight goes beyond consulting, providing a comprehensive, unified approach to AWS management and optimisation, so you can achieve your cloud goals with confidence.

### Insight Cloud Success Managers: Expertise That Transforms

Beyond standard support, your **Cloud Success Manager (CSM)** redefines cloud partnership. Each CSM is a certified AWS Cloud Practitioner, **FinOps expert**, and CloudCheckr specialist.

They are the strategic foundation of Cloud Care, embedding with your team as trusted FinOps advisors to unlock the full financial potential of your cloud.

### CloudCheckr: Instant Savings, Enduring Visibility

With InsightCloud® Care, you gain a **free CloudCheckr license**, delivering an immediate **3% reduction** in your cloud consumption costs. This powerful NetApp solution puts you in command of your AWS and multi-cloud environments, simplifying management, governance, and scaling. CloudCheckr seamlessly augments AWS® Cost Explorer by adding essential tagging, advanced visualization, and comprehensive features for cost management, security, compliance, and resource analytics. Your CSMs will guide you through its capabilities, providing ongoing best practices to ensure continuous, data-driven optimization of your environment.
