

# Don't Wait to Refresh: 5 Reasons to Act Now

Dell and Microsoft help you meet the challenges of the modern workplace by securing and transforming your endpoints and future-proofing your organization. **We have you covered.**

1

## Secure, Out-of-the-Box Endpoint Security

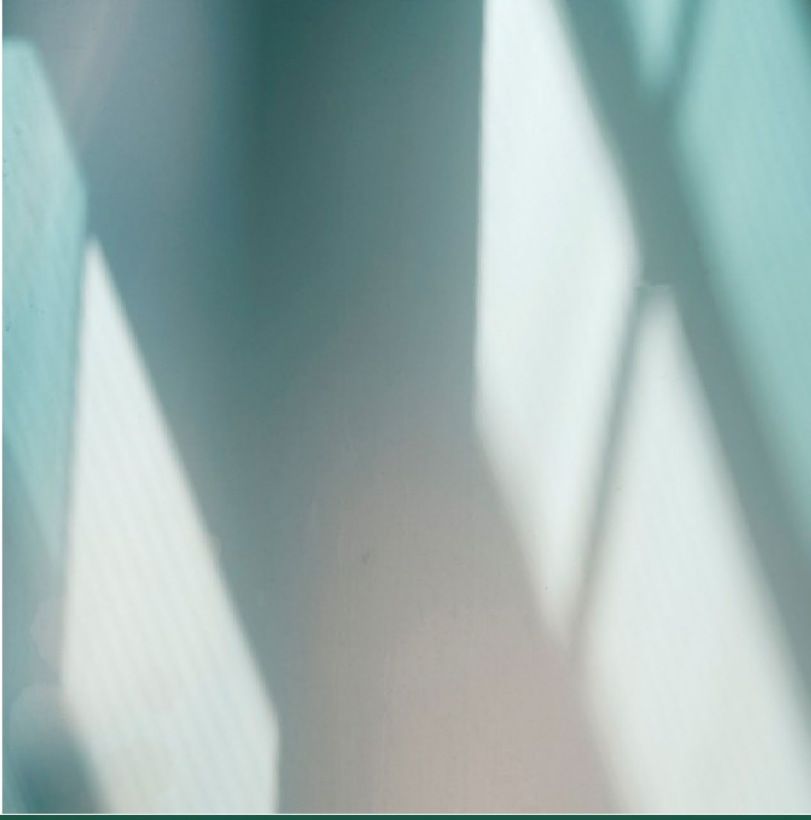

Experience up to 3.1x fewer firmware attacks<sup>1</sup> and improved protection with the industry-leading protections of Dell Trusted Workspace and Windows 11.

2

## Passwordless Identity & Access

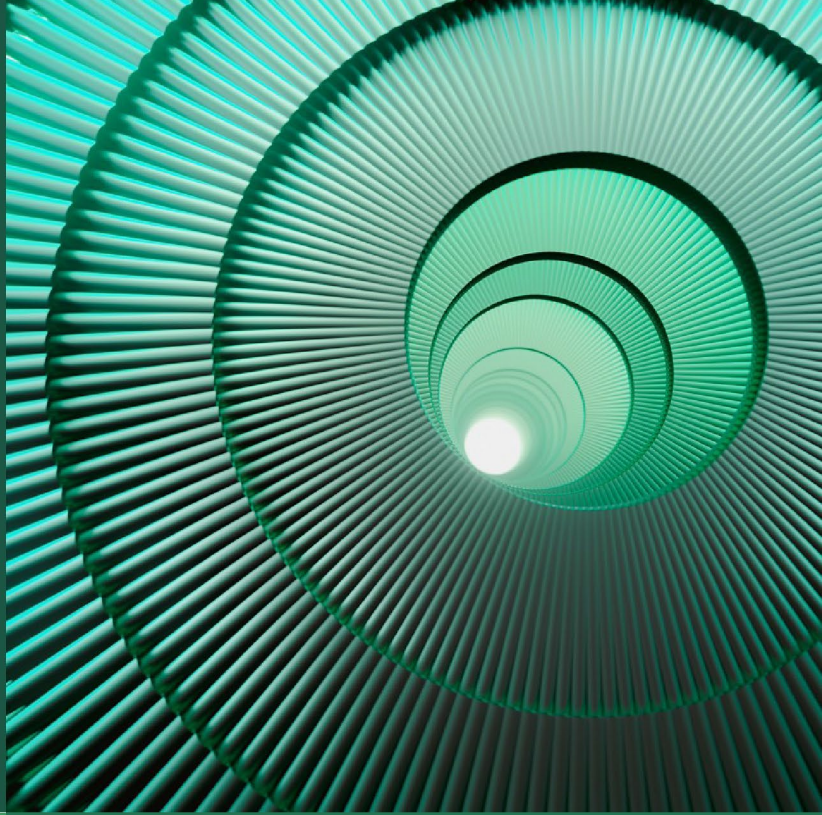

Discover 2.8x fewer instances of identity theft<sup>1</sup> with Cloud-based Microsoft Defender for Identity. Dell Optimizer Express Sign-in and Windows Hello for Business.

3

## Modern Collaborative Ecosystems

Improve productivity with Dell Optimizer-based intelligent PCs and Windows 11 Pro for 3x times less buffering, 8x better video quality, and 30% faster app data processing.\*

4

## Fast, Zero-Touch Device Management

Easily control devices and streamline setup with Dell Connected Provisioning and Windows Autopilot—and ensure 99% of applications are compatible with Windows 11 with Microsoft App Assure.

5

## Virtualized Desktops

Simplify device deployment and operations, enable an agile cloud client environment, and accelerate business outcomes with Dell Cloud Client Workspace and Azure Virtual Desktop with Microsoft 365.

Upgrade Your Work Experience

Don't wait until it's too late. Start planning your migration to Windows 11 now to strengthen your workforce.
